Lise Griffith from the Wiltshire Good Neighbour Scheme addressed the council as follows:  
Wiltshire Good Neighbours is a new and exciting service that is being funded by Wiltshire Council and provided by Community First in partnership with Age UK Wiltshire and Age Concern Salisbury. The service aims to meet the recognised need of those in rural communities like ours who need a little help and support in accessing the services which allow them to maintain their wellbeing and help them to continue living independently and free from social isolation. To this end, the first four Good Neighbour Co-ordinators have been appointed to deliver the service in their local communities, with more to follow next year. I would like to take this opportunity to introduce myself as the Good Neighbour Co-ordinator for the Bratton, Edington, Coulston and Erlestoke area. My name is Lise Griffiths, and my initial aim is to make contact with all of the groups that are working in our community to support them in identifying those who might benefit from this fresh and innovative service that will provide information and sign posting support to those people needing a little extra assistance. I will be undertaking home visits, referring people on to services or sources of local support as well as following up to ensure any issues have been resolved. If you feel you or someone you know would benefit from the service offered by Wiltshire Good Neighbours, please don't hesitate to call me on 07541 353401 or email [lgriffiths@communityfirst.org.uk](mailto:lgriffiths@communityfirst.org.uk)

**129/10 Wiltshire Council update – Cllr Gamble**

Cllr Gamble apologised for missing the last few meetings. He commented that a village resident Adrian Hampton had recently been voted top performer for Wiltshire Council. One of the consultations ongoing is the Local Transport Plan which can be found on the Wiltshire Council website. Contributions are very valuable. The next Area Board meeting is on Monday 29<sup>th</sup> of November. Wiltshire Council has been advised that its grant from central government is to be reduced by more than 28% over the next four years. The main reduction will be in 11/12 when they will lose between 10% and 15% and the remainder will be over the following 2 years. The council are looking at reducing the procurement budget and managerial staff by 25%. He commented that the Parish Council will be setting its precept soon and perhaps they need to look at taking on services that Wiltshire can not provide.

Cllr Loraine-Smith commented that the surfacing on the road crossings in Devizes are becoming very worn out
